

Chris Tonas

Chief Technology Officer

Chris Tonas is the Chief Technology Officer of Pluralsight, Inc. (NASDAQ: PS), the leading technology skills and engineering management platform. Tonas joined Pluralsight in August, 2020, bringing with him more than two decades of enterprise technology product leadership and development experience. In his role, Tonas leads Pluralsight's world class technology organization and is responsible for development and operations of the company's flagship products.

Tonas has built a career making developers successful while partnering with leaders to enable and elevate their technology transformations. Prior to Pluralsight, he was Vice President of the Applications Development Tools organization at Oracle, where he spent 25 years delivering tools, frameworks, and common cloud services to the developers in Oracle's SaaS organization and to customers across the globe. When he's not working, Tonas enjoys running, travel, and spending time with his family.
